1052 – Wi-Fi Controlled Wall Tap w/USB Outlets, Indoor

Description:

- Indoor-rated Wi-Fi enabled Current Tap, with 2 USB charging ports.
- One energy-monitored and Wi-Fi enabled AC outlet is included. The USB charging ports are not Wi-Fi-enabled.

Application:

- Save energy by monitoring the energy usage of a plugged in device, schedule the crock pot to have a meal ready when you walk in the door from the office, set your coffee pot to brew at the same time every workday morning, or turn off your downstairs fan from comfort of your bed.
- Download the user-friendly app, connect your device to your smartphone using your existing Wi-Fi network, and begin controlling your device from anywhere - at home or on the go - using Wi-Fi network or mobile internet (3G/4G/LTE).
- There are no set-up fees, no hub required, and no monthly charges.
