

Monitoring & Control Accessories: Woods WiOn WFSW-I-1049 – Wi-Fi Controlled In-Wall Switch, Indoor

Description:

- Indoor Wi-Fi enabled in-wall switch.
- Can replace any existing standard 2-way wall switch. Not 3-way compatible.

Application:

- Program your porch light to turn on at sunset, turn the bathroom fan off after selected time, schedule the ceiling fan to be on so you come home to a cool house, or set lights to randomly go on and off for an occupied appearance while you're on vacation.
- Download the user-friendly app, connect your device to your smartphone using your existing Wi-Fi network and begin controlling your device from anywhere – at home or on the go - using Wi-Fi network or mobile internet (3G/4G/LTE).
- There are no set-up fees, no hub required and no monthly charges.
