

## Monitoring & Control Accessories: Cameras CAM-DPTZ-1044 – Mobotix M15, Dual Lens

### Description:

- Mobotix M15 series camera.
- Dual wide angle sensors, one optimized for day and one black and white sensor for extremely low light/night conditions. Switching between sensors is automatic.
- Integrated wall/ceiling mount provides mounting flexibility.

### Application:

- Ideal for around-the-clock monitoring of a yard, field, or worksite.

Image sensors	1/1.8" CMOS (6MP) Day (Colour) and Night (B&W)
Light Sensitivity	0.1 lux @ 1/60 sec. 0.005 @ 1 sec (Day) 0.02 lux at 1/60 sec. 0.001 lux @ 1 sec (Night)
Sensor resolution	6MP: 3072x2048 pixels (colour/B&W)
Frame Rate	Mega/HD: 30 fps QXGA: 15 fps 6MP: 8 fps
Operating conditions	IP66, IK07, -30 to +60°C
Internal Sensors	Temperature, PIR, microphone, illumination, shock detector
Image Processing	MxActivitySensor, VMD, image correction, backlight
Power	<7 W, Variable PoE class 3
Dimensions	158mm x 244mm x 239mm/ 6.2"x9.6"x9.4"
