

1078 – Nest Protect Smoke and Carbon Monoxide Detector

Description:

- Industrial-grade smoke sensor.
- Tests itself automatically. No more low battery chirps!
- Battery power lasts up to a decade
- Friendly human voice early warning. Thoughtful, not annoying
- Can be hushed from your phone
- Download historical data and monitor trends

Application:

- Detects both fast-burning and smouldering fires.
- Can tell your Nest Thermostat to turn off the heat if CO is detected.
- Can tell your Nest Thermostat to turn off the fan if smoke is detected

Be informed. Not just alarmed.

Colour	White
Speaker, Horn and Light Ring	Speaker: 2W Horn: 85dB SPL at 3m Light Ring: RGB colour with 6 LEDs
Communication	Wi-Fi 802.11b/g/n @ 2.4GHz, 5GHz 802.15.4 @ 2.4GHz Bluetooth Low Energy (BLE)
Sensors	Split Spectrum Sensor, 450nm and 880nm Heat sensor ±1°C Humidity sensor ±3%RH Occupancy Sensor 120° fov to 6m Ambient light sensor Omnidirectional microphone, 70dBA SNR
Power Supply	Six long-life AA Energizer Ultimate lithium batteries
Device Compatibility	Android 4.1, 4.4 or newer with Bluetooth LE preferred iOS 9.0 or newer Windows 7 or newer Mac OS 10.9 or newer
Dimension	13.4 cm x 13.4 cm x 3.85 cm / 5.3"x5.3" x1.5"
Certifications	UL2034 UL217 NFPA-72
